

Kingdom Care Preschool Program

Hours- 7am-6pm Monday- Friday

About the program

Kingdom Care will instruct students for academic learning and provide a loving environment for social, emotional, physical and spiritual growth. The three and four year olds will be instructed in The Christian Light Education Curriculum during the daytime hours. Each afternoon the preschool students will have fun and interactive play with the elementary students in after care. Afternoon activities include; Bible, Art, Adventure Story, Spanish and Music. Field trips will be a part of the program on select Fridays. Parents will be welcomed to go.

About the Director/ Preschool Instructor

Mrs. Kelly holds a Bachelor's Degree in Education and a second Bachelor's Degree in Psychology with concentration in Childhood Development. She completed her teaching certification through Christian Light Education. Mrs. Kelly taught Pre-Kindergarten at Manassas Christian Academy for two years. She founded and operated a homeschool-tutoring program for students giving full assistance in all academic subjects in a home-based classroom. Mrs. Kelly is current Director of Kingdom Care After School Programs, a position she has held for eighteen years during which time she has given educational assistance to students ages five to ten. Her life's goal is to continuously offer educational insight and guidance to children through curriculum utilization and creative play.

Enrollment:

A one week security deposit equal to one week's tuition is required to enroll. This fee may be paid in full or in payments of 4 or 2. In addition, the curriculum cost is due at enrollment with paperwork consisting of the emergency form, contract for care, all about me form, immunization records, state health inventory form and permission slip for outings.

Educational options:

Please choose an option below for your student. Curriculum can be viewed online at www.CLP.org

Option 1- A-F Readiness Series-

These six workbooks and one softcover Bible storybook are designed to prepare children for Kindergarten. In the ABC Readiness Series, children practice skills essential to a successful start in learning to read. The ABC Readiness Series provides the four- or five-year-old with short periods of pre-reading activities a few times per week. This set provides learning activities such as distinguishing colors and shapes, cutting and pasting, listening to Bible stories and answering questions, recognizing the numbers from 1 to 10, forming letters correctly, tracing, following directions, writing their own names, and hearing initial consonant sounds.

Option 2-GHI Series-

This series follows the ABC Readiness Series. The basic purposes are the same in both series: helping to give constructive guidance to each child prior to entering kindergarten, and helping children appreciate and increase interest and knowledge in the world around them. This series gives further practice with the same basic visual, auditory, mental, oral, and motor skills as the preceding series. Simple directions are given in coloring, tracing, writing, drawing, counting, matching, cutting, and pasting.

Continuing the year, below is the book set for the second half of Preschool.

Upon completing one of the options above, all students will need this series-

Kindergarten II-

Kindergarten II has five Little Light Workbooks. They continue in detail the concepts of matching, dot-to-dot, color names, sounds, letter writing, recognizing and writing numbers 1-100, and more.

Below appears a book all students will work in for reading skill readiness.

BEFORE WE READ-

For children needing extra review of the skills taught in the ABC series, we recommend this 64-page book from Pathway. Exercises emphasize visual comparison and sequencing skills. By the end of the book, the child is able to recognize and sequence letter and word combinations.
