In our School Support and Childcare Enrichment Program, academic work is kept as the primary focus for the children. But the motto here at Kingdom Care “We Grow as We Learn and Play” means that after academics, the children will keep busy and away from the television in the afternoons. The Kingdom Care Enrichment Program center on showing kindness and respect for each other. Through learning and playing together children learn to establish friendships. Interactive care is given to the children because children learn when adults do activities *with* them.
